

September 16, 2021

Dear Students, Faculty and Staff -

As [previously announced](#), all members of the University community who are not fully vaccinated, have requested an exemption, or have not reported their vaccination status to CUC by the deadline will be required to take a weekly COVID-19 test.

As such, **weekly COVID-19 testing will begin on Tuesday, September 21**, and will be offered on Tuesdays and Wednesdays throughout the fall semester as follows:

**Koehneke Community Center (KCC) – Room 10**

**Tuesdays & Wednesdays\***

**11:30 a.m. – 2:00 p.m.**

**Walk-ins only; No appointments necessary**

Prior to taking part in their first on-campus COVID-19 test this semester, participating all students and employees must complete a [Medical Consent Form](#). The University has partnered with a new testing vendor and prior consent forms from AY 2020-2021 are not valid.

Individuals who test weekly on-campus will consent to having their results automatically submitted to the University; no other reporting is necessary. Individuals who choose to get tested off-campus must submit their test results WEEKLY via the secure [COVID-19 Test Result Submission Form](#). Weekly off-campus test results must be submitted each Thursday by 5 p.m.

Questions about COVID-19 testing:

- Students: Dean of Students Office at [DOS@CUChicago.edu](mailto:DOS@CUChicago.edu)
- Employees: Human Resources at [Human.Resources@CUChicago.edu](mailto:Human.Resources@CUChicago.edu)

- *CUC Emergency Response Team*

*\*NOTE: The Athletic Department will continue to test student-athletes and athletic staff members on Thursday mornings (in-season and out-of-season). As such, those who are involved with intercollegiate athletics do not need to test at the above-listed times.*
